# 3D BUILDING LETTERING

## 3D building lettering

*Add a level of prestige to your brand.*

Our eye-catching **3D building lettering**, or dimensional lettering, will guarantee your signage and brand stands out from the crowd.

Our quality **Permasign lettering** will ensure your brand is prominent in its displayed environment. Permasign lettering is able to be crafted and moulded from a **range of materials** including:

- Metal
- Acrylic
- Foam
- Timber
- Aluminium
- Vac Formed Acrylic

Offsetting from the mounting surface can be achieved in various ways, including spacers and stud mounts.

Our **professional designers** will work with you, determining style and material options, to achieve your an impressive 3D work of art for your branded signage.

A range of illumination options are available to make your investment work **24/7 for your brand**. All our **high quality** lighting options are **warranted for 5 years**.

**Albert Smith Signs** can deliver on any **3D building lettering** vision!

**Examples of 3D building lettering applications may include:**

- Building with fascia
- Foyer/Entrance/Lobby signage
- Room signage, such as meeting/conference rooms
- Exhibition signage
- Trade show signage – different placement
- High level building signs

**Our 3D building lettering can be utilised both internally and externally, and:**

- Custom-made to your unique requirements
- Signage can be modified to suit various sizes and other parameters
- Durable, and designed to endure the harsh Australian weather conditions
- Instantly creates a professional, highly visible image for your business
